

Forest School Curriculum Overview

	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
Reception	Every week					
Year 1		The children will look at the flora and fauna of our environment and will complete a bug hunt. Using range of media the children will identify the different trees which we have within Thee Dragon's Den and fields.				
Year 2					The children will help to select, plant and tend to the Wood Fold Sensory Garden to ensure that it is bee friendly.	
Year 3	Using natural resources found in The Dragon's Den, working in groups the children will create a mini round house. The children will also create some					

	jewellery from our natural resources.					
Year 4				Children will learn about the different layers of the forest and will assess and document the flora and fauna of our school environment.		
Year 5						<p>The children will assess the different animals which use The Dragon's Den and create habitats for them.</p> <p>Working in groups they will be provided with essential equipment and instruction on knots, hitches and lashes before being given a survival situation.</p>
Year 6					Children will access The Dragon's Den and work towards creating a legacy for the future Year 6. They will work together to form new relationships and will take time to recap on previous visits to The Dragon's Den.
