Statement of intent

Wood Fold Primary School understands that using online services is an important aspect of raising educational standards, promoting pupil achievement and enhancing teaching and learning. In times of school closure, due to Covid-19, on-line teaching will make continuity of learning possible.

The use of online services is embedded throughout the school; therefore, there are a number of controls in place to ensure the safety of pupils and staff.

The breadth of issues classified within online safety is considerable, but they can be categorised into three areas of risk:

- **Content:** Being exposed to illegal, inappropriate or harmful material, e.g. pornography, fake news, and racist or radical and extremist views.
- **Contact:** Being subjected to harmful online interaction with other users, e.g. commercial advertising and adults posing as children or young adults.
- **Conduct:** Personal online behaviour that increases the likelihood of, or causes, harm, e.g. sending and receiving explicit messages, and cyberbullying.

The measures implemented to protect pupils and staff revolve around these areas of risk. Our school has created this policy with the aim of ensuring appropriate and safe use of the internet and other digital technology devices by all pupils and staff.

1. Legal framework

- Working with the Safeguarding Team and IT technician to conduct half-termly light-touch reviews of this policy.
- Working with the DSL and governing board to update this policy on an annual basis.

2.3. The DSL is responsible for:

- Taking the lead responsibility for online safety in the school.
- Acting as the named point of contact on all online safeguarding issues.

- Undertaking training so they understand the risks associated with online safety and can recognise additional risks that pupils with SEND face online.
- Liaising with relevant members of staff on online safety matters, e.g. the SENCO and IT technician.
- Ensuring online safety is recognised as part of the school's safeguarding responsibilities and that a coordinated approach is implemented.
- Ensuring safeguarding is considered in the school's approach to remote learning.

- Reporting online safety incidents and concerns in line with the procedures within this policy.

3. The curriculum

3.1. Online safety is embedded throughout the curriculum; however, it is particularly addressed in the following subjects:

- RSE
- Health education
- PSHE
- Citizenship
- Computing

3.2. The curriculum and the school's approach to online safety is developed in line with the DfE's 'Teaching online safety in school' guidance.

3.3. Pupils are taught the underpinning knowledge and behaviours that can help them to navigate the online world safely and confidently regardless of the device, platform or app they are using.

3.4. Online safety teaching is always appropriate to pupils' ages and developmental stages.

3.5. The underpinning knowledge and behaviours pupils learn through the curriculum include the following:

- How to evaluate what they see online
- How to recognise techniques used for persuasion

- Acceptable and unacceptable online behaviour
 - How to identify online risks
 - How and when to seek support
- 3.6. The online risks pupils may face online are always considered when developing the curriculum. The risks that are considered and how they are covered in the curriculum can be found in Appendix 1 of this policy.
- 3.7. The DSL is involved with the development of the school's online safety curriculum.
- 3.8. The school recognises that, while any pupil can be vulnerable online, there are some pupils who may be more susceptible to online harm or have less support from family and friends in staying safe online, e.g. pupils with SEND and LAC. Relevant members of staff, e.g. the SENCO and designated teacher for LAC, work together to ensure the curriculum is tailored so these pupils receive the information and support they need.
- 3.9. Class teachers review external resources prior to using them for the online safety curriculum, to ensure they are appropriate for the cohort of pupils. When reviewing these resources, the following questions are asked:
- Where does this organisation get their information from?
 - What is their evidence base?
 - Have they been externally quality assured?
 - What is their background?
 - Are they age appropriate for pupils?
 - Are they appropriate for pupils' developmental stage?
- 3.10. External visitors may be invited into school to help with the delivery of certain aspects of the online safety curriculum. The headteacher and DSL decide when it is appropriate to invite external groups into school and ensure the visitors selected are appropriate.
- 3.11. Before conducting a lesson or activity on online safety, the class teacher and DSL consider the topic that is being covered and the potential that pupils in the class have suffered or may be suffering from online abuse or harm in this way. The Safeguarding Team advises the staff member on how to best support any pupil who may be especially impacted by a lesson or activity.

Lessons and activities are planned carefully so they do not draw attention to a pupil who is being or has been abused or harmed online, to avoid publicising the abuse.

- 3.12. During an online safety lesson or activity, the class teacher ensures a safe environment is maintained in which pupils feel comfortable to say what they feel and are not worried about getting into trouble or being judged.
- 3.13. If a staff member is concerned about anything pupils raise during online safety lessons and activities, they will make a report in line with sections [15](#) and [16](#) of this policy.
- 3.14. If a pupil makes a disclosure to a member of staff regarding online abuse following a lesson or activity, the staff member will follow the reporting procedure outlined in sections [15](#) and [16](#) of this policy.

4. Staff training

- 4.1. All staff receive regular safeguarding and child protection training, which includes online safety training.
- 4.2. Online safety training for staff is updated annually.
- 4.3. In addition to this training, staff also receive regular online safety updates as required and at least annually.
- 4.4. The DSL and Safeguarding Team undergo training to provide them with the knowledge and skills they need to carry out their role, this includes online safety training. Safeguarding training is updated at least every two years.
- 4.5. In addition to this formal training, the Safeguarding Team receives regular online safety updates to allow them to keep up with any developments relevant to their role. In relation to online safety, these updates allow the DSL and their deputies to:
 - Understand the unique risks associated with online safety and be confident that they have the relevant knowledge and capability required to keep pupils safe while they are online at school.
 - Recognise the additional risks that pupils with SEND face online and offer them support to stay safe online.

- Obtaining sexual gratification (either for themselves or for the person they are enabling to view the victim's genitals, buttocks or underwear).
 - To humiliate, distress or alarm the victim.
- 16.9. "Operating equipment" includes enabling, or securing, activation by another person without that person's knowledge, e.g. a motion activated camera.

- The DSL holds an initial review meeting with appropriate school staff
 - Subsequent interviews are held with the pupils involved, if appropriate
 - Parents are informed at an early stage and involved in the process unless there is a good reason to believe that involving the parents would put the pupil at risk of harm

- At any point in the process if there is a concern a pupil has been harmed or is at risk of harm, a referral will be made to children's social care services and/or the police immediately
 - The interviews with staff, pupils and their parents are used to inform the action to be taken and the support to be implemented
- 16.15. When investigating a report, staff members do not view the youth produced sexual imagery
- 16.16. If a staff member believes there is a good reason to view youth produced sexual imagery as part of an investigation, they discuss this with the headteacher and DSL first.

The remote learning expectations are covered in 'Wood Fold's Covid Contingency Plan'

18. Monitoring and review

- 18.1. The school recognises that the online world is constantly changing; therefore, the DSL, IT technician and the headteacher conduct half-termly light-touch reviews of this policy to evaluate its effectiveness.
- 18.2. The governing board, headteacher and DSL review this policy in full on an annual basis and following any online safety incidents.
- 18.3. The next scheduled review date for this policy is September 2024.

Any changes made to this policy are communicated to all members of the school community.
